

Leeds University Union

Risk Assessment

Name of Group		Date of Assessment				
Capoeira		05 / 10 / 2009				
Hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?			
			Action required	By whom	when	Done
Lack of space due to overcrowding	Injuries through collisions	Ensure adequate space between members				
Cluttered room	Participants might trip	Clear room for adequate space before practice, move chairs etc to side of room				
Capoeira is a physical activity, so injuries are possible	Collisions, tripping falling, unwanted contact	Instructor present to teach how to practise safely to avoid injuries				
Dehydration		Water provided if needed				
Fire		Point out nearest emergency exits to members				

Carried out by

Mike Hoole
